Dia Internacional di Mucha

Oracion pa bienestar y proteccion di Muchanan!

Segun versiculo Mateo 19:14, Hesus a bisa:

“Laga e muchanan bin cerca mi. No prohibi nan!”

Pa motibo cu Reino di Shelo ta pertenece na esunnan cu ta manera e muchanan aki.”

Tur cu ta stima mucha, tur cu ta cuida y proteha mucha, yiu y yiunan di otro, lo ta bendiciona pa Señor ya cu bida di tur mucha, ta sagrado pa Señor. Ta palabranan cla cu Bijbel ta siña henter mundo pero realidad di e bida riba e mundo aki, lamentablemente ta ilustra na demasiado ocasion, scenarionan tristo di situacionnan cu esunnan responsabel pa e criaturanan inocente aki, pasa den situacionnan cu nan no mester pasa nunca aden.

Tin cu muestra cu tur hende muhe cu ta carga un criatura den su bariga, ta bendiciona pa nos Señor y Mama Maria tabata esun bendiciona pa Señor nos Dios, e ehempel di e pureza di loke un mama y su criatura mester ta semper. Sinembargo den transcurso di añanan, cambio di siglo y otro desaroyonan, tin cu constata cu lamentablemente no ta tur ta sinti of realisa e bendicion di ta un mama y tata di un bendicion asina grandi.

Awendia por constata na numeroso ocasion, con mayornan hoben y adulto, ta scoge pa nan propio bida prome cu sinta cuida y proteha e criatura chikito cu nan a pone riba mundo, sin considera sikiera e peliger na cual nan ta somete nan yiu na dje.

E falta di responsabilidad aki ta bisto pa tur hende mira, caminda por ehempel dilanti di scolnan rond di e isla mainta, mama- of tatanan di muchanan chikito, ta habri porta di auto, laga nan yiu Sali pa despues Sali bay ya cu nan interes ta bin na prome luga, ya cu nan no por yega laat na pia di trabou.

Sin tuma na consideracion cu nan yiu kisas no a subi tereno di scol, no a yega na su klas of a ser confronta cu otro muchanan cu ta haci su bida dificil ya cu yega trabou ta mas importante.

E solo hecho cu na varios reunion di scolnan conoci como ‘oudersavond’ pa gran mayoria hopi mayor no ta muestra interes pa atende y scucha con ta bayendo cu progreso di nan yiu of sea ta e mama of e tata so ta presenta pa scucha e persona, maestro cu ta pasa asina hopi ora supervisando y educando nan yiunan.

E interes aki ta sigui disminui segun e criatura ta sigui pasa dor di e proceso di educacion, caminda e interes a bira

menos y practicamente e mucha of hoben a ser laga pa su cuenta, cu tur consecuencia cu esaki por trece cu’ne.

Awendia cu hopi tristesa tin cu constata cu e porcentahe di muchanan cu ta wordo descuida tanto aki na Aruba y rond mundo, ta birando grandi pa diferente motibo y pa menciona uno, e situacion financiero di hopi famia, caminda no tin suficiente placa ta dreña pa yiunan wordo alimenta den e forma cu nan tin cu wordo atendi. Aki na cas, aki na Aruba miles di mucha ta yegando scol sin algo di come, hopi tambe sin a pone algo na stoma prome cu nan a bin scol, ya cu simplemente no tin suficiente na cas pa haci esaki of duna e mucha un sandwich pa e tin na scol.

Na e momentonan aki tin algun fundacion of organisacion cu ta dunando ayudo na esaki pero simplemente e no a suficiente ya cu e grupo di muchanan cu hamber na scol, ta hopi alarmante pero manera semper, te na ora cu e no ta nos yiu, e interes no ta asina grandi.

Muchanan merece miho, muchanan merece mas atencion di nan mayornan, ya cu aki tambe tin miles di criatura no ta haya suficiente atencion di mayornan den nan desaroyo y esey tin cu cambia.

Nos pensamento tambe ta bay pa zona di conflictonan arma manera na Gaza y Israel, caminda muchanan mas tanto ta birando e victima di e conflicto aki, cu miles di nan perdiendo nan bida y otronan lagando ta sufrir sin posibilidad a corto plaso cu nan bira lo ta diferente, nan bida ta protegi y nan lo tin un bida feliz.

Pa e muchanan aki y tur mucha aki na Aruba, AWEMainta ta sugeri pa nos para keto un rato riba e dia aki y tene un oracion na Señor pa alivia nan sufrimento y trece paz den e regionnan den conflicto!

Varios proyecto stanca pa varios luna pa motibo di “ambtenaar”

A pesar cu ambos gabinete di Prome Minister Evelyn Wever Croes a sigura cu nan lo percura pa elimina e asina “red tape” pa habri caminda pa inversionistanan por ehecuta nan proyectonan, seis aña despues e situacion no a cambia.

Keto bay departamentonan di gobierno no ta kibrando cabes cu cierto proyectonan ta sirbi e interes general den varios forma pero e mentalidad di ta pensa y actua como si fuera ta nan como trahado publico tin e poder, ta strobando cierto desaroyo economico dor di nan terkedad.

Tin varios proyecto grandi cu a y ta confrontando problema pa ricibi permiso pa asina inicia of extende nan proyecto ya cu tin un of otro funcionario publico, cu por ta na DOW of nan cualkier otro departamento cu tin di haber cu construccion, ta wardando pa mas c’un aña caba pa motibo cu segun e funcionario, ta Minister tin cu dicidi loke realmente no ta e caso.

Algun di nan ta asina ridiculo pero varios funcionario di varios deporta ta actuando cu ta nan mes ta director di e departamentonan aki, ta retene cierto peticion pa aprobacion sin cu esaki ta necesario, loke ta haci e situacion aki tin cu wordo investiga a lo profundo.

Mientras cu den ultimo tempo ta papiando di “spook ambtenaren” den servicio di gobierno lo ta bon pa inicia un otro investigacion na trahadonan publico cu ta na oficina pero no ta haciendo nan trabou manera mester ta, causando problema serio pa gruponan cu kier inverti den economia di e isla.

Loke hopi di e ambtenaarnan aki tin cu compronde ta cu e tempo caminda ta paga pa haya un permiso mas lihe, ta for di moda ya cu awendia varios ex mandatario a haya nan mes den hopi preta cu autoridadnan hudicial kendenan ta kere cu e mandatarionan ta dunando un man pa ricibi cierto recompensa for di e inversionistanan.

Ta un desaroyo cu ya ta conoci den comunidad y no ta por nada cu den pasado autoridadnan Mericano a yega na considera cu Aruba tin un problema di “white collar crime” esta cu ta funcionarionan halto ta meti den fraude y corrupcion.

Por ehempel tin un proyecto basta grandi cu ta cla pa wordo ehecuta pero e grupo di tres inversionista ta mirando cu tempo ta pasando y nan ta mira cu por lo pronto tin solucion

pa algun asunto tecnico cu por wordo aclaria y soluciona pero simplemente tin funcionarionan publico kendenan ta actuando mescos cu ta nan mes ta doño di e departamentonan den cual nan ta funcionando.

Pa un isla cu a recupera asina positivo despues di e pandemia di corona, ta na su luga pa fuera di turismo cu a recupera fantasticamente, permiti mas crecimiento den otro areanan pero pa asina por cana den e rumbo corecto, gobierno mester cuminsa atende cu su departamentonan caminda e tipo di problema aki ta bon conoci.

Ta mas cu claro cu ta lanta e impresion cu lo tin funcionarionan publico, cu “ainda” ta kere cu nan por saca probecha di e responsabilidad cu nan ta cargando na cierto departamento, sperando kisas cu nan lo ricibi un of otro tipo di “bonus” pa asina nan percura pa e peticion di permiso cana mas rapido.

E pensamiento y acto aki ta contra ley y esaki ta loke tur inversionista y ciudadano mester ta na altura di esaki pero si gobierno mes no ta actua, e Ministernan no ta carga responsabilidad pa nan ministerionan, e tipo di abuso aki ta sigui tuma luga ya cu no tin autoridad pa para e tipo di boefnan publico aki.

E problemanan ta den sector di construccion, sector di infraestructura, sector di medio ambiente, sector di agricultura y otronan.

Ministernan a bishita tur continente despues di a bishita cartera di Pueblo

Mientras Ministernan di MEP y RAIZ ta biaha rond mundo, core den auto caro riba custia di pueblo, pensionado nan ta sufri cu e miserabel pensioen cu nan ta haya.

Recientemente por a lesa y scucha e grito di auxilio di e organisacion di pensionadonan esta Opa a bolbe reacciona y ta pidi, casi roga Gobierno, pa duna nan kico ta pertenece na nan, pa nan por biba un bida mas honorabel.

Ta increibel con e Gobierno Wever Croes II aki ta trata cu pueblo y esunnan mas vulnerabel den nos comunidad y tur esaki despues di a fia casi 1 biyon florin di Hulanda y awor cu nan mester paga bek, ta purba inventa yen di forma pa baila Hulanda. Medida cada bes, un tras di otro y nan a introduci medida di 7% na frontera, coriente ta keda halto y prijs di awa mesun cos.

Costo halto di bida, un 'bestaansminimum' cu ta keda subi y nada ta wordo haci pa alivia nos hende nan, mientras gobierno ta sigui pidi pueblo compronde cu no tin placa pa drecha scol, pa drecha caminda, pa paga pensionadonan pero nan como gobernantenan mes, ta biaha first class tur caminda ya cu por bisa cu mandatarionan di gabinete Wever Croes II a practicamente bishiti tur pero tur continente caba y nan a biaha pa Europa, Francia, Africa, Merca, Sur America y asina por sigui menciona.

"Join the Mep and see the world" tin un dicho tabata wordo bisa antes na momento cu partido MEP tabata na mando caba pero a wel nada a cambia, ya cu awor auto nobo y di luho ta keda e ministernan prioridad.

Igual cu Presidente di Parlamento cu a grita boca grandi cu e si ta bay spaar pero ata pueblo a ripara cu el a haya auto nobo na ordo atrobe y awor tin cu mira cu ki cara e politiconan di tanto partido MEP y RAIZ lo kier gaña pueblo atrobe.

Hende nan cu a comete e eror di vota sea MEP of RAIZ ultimo

eleccion cu a pasa, a bisa cu e biaha ki si NUNCA MAS.

Duna mi Mike y AVP 100 biaha, por lo menos mi ta mira unda mi placa ta bay y e gran pregunta ta, cuanto mas pueblo por sigui tolera tur e abuso nan aki?

Ya cu sin duda ta un abuso na momento cu Consejo di Minister yama un conferencia di prensa pa elogia nan mes dilanti pueblo, canta di hubilo pa motibo cu nan a logra un surplus mas cu a ser spera pero ningun momento di Minister Presidente Evelyn Wever Croes bin abou, ningun Minister di e gobierno aki, a reconoce cu e surplus aki, ta placa cu e gobierno aki a ranca for di cartera di pueblo cu e 7% di BBO na frontera, aumento di prijs di awa y gasolin, aumento di accijns, spaarmento den e sector di cuida medico y sin lubida y decision tuma pa no aumenta salario minimo, pa no aumenta onderstand y pa no aumenta pensioen di hendenan grandi na mesun nivel cu e aumento di costo di bida cu a surgi for di maneho abusivo di gabinete Wever Croes II.

Mr. Mike Eman den audiencia cerca Gobernador:

Transforma 900 miyon di debe den un fondo di inversion

“**S**olucion pa temanan grandi manera Bubali zuivering-splant, un alternativa real pa sanea dump y maneha sushi na un forma sano pa nos medio ambiente, inversion den nos educacion y scolnan, inversion den nos careteranan, crea espacio den presupuesto pa sostene esnan mas vulnerable, mehora poder di compra y cuido y salud di nos pueblo, sosten pa nos grandinan, renobacion di barionan cu parkenan y sitionan berde di recreo y deporte, inversion den innovacion, tur esaki ta bira posibel den e siguiente añanan si maneha e dialogo cu Hulanda den un forma huicioso, respetuoso y diplomatico.

Nos por yega na un acuerdo cu Hulanda pa converti e 900 miyon di debe den un fondo di inversion pa desaroyo duradero di Aruba”. Esaki ta locual e lider di oposicion, mr. Mike Eman a comunica na Gobernador durante su audiencia e siman cu a pasa, resaltando locual tabata su mision na Hulanda.

ALTERNATIVANAN PRESENTA NA HULANDA

Despues cu e a Sali for di despacho di Gobernador, e lider di fraccion di AVP a splica cu durante su audiencia e a duna Gobernador, Alfonso Boekhoudt, un briefing di locual tabata su mission na Hulanda. Eman a describi e nota di fraccion di AVP pa institui un Sociaal Cultureel Planbureau pa Aruba pa garantisca cu e realidad socioeconomico ta keda refleha den estudionan cu ta identifica e retonan socio economico den nos Pais: pobreza creciente, un bida husto pa nos pensionadonan, baymento atras di cuido medico, costo halto di haci negoshi. Tur mester keda bon documenta y analisa pa hunga un factor ora di tuma decision riba e rumbo di e isla.

E otro tema, cu pa e politico ta sumamente importante, ta esun di sigura 900 miyon florin di inversion den e siguiente 10 pa 15 año. E debe di 900 miyon florin cu a fia durante di Covid, Eman ta propone pa, bou condicion di disciplina presupuestario acorda cu Hulanda, no ta bay den bek caha di Hulanda, pero ta pone den un fondo di inversion na beneficio di Aruba pa inverti den educacion y barionan. Esaki, segun Eman, ta mas responsabel y factibel cu un “kwijschelding” manera Wever Croes a planta na Hulanda y cu a cay den mal tera.

IDEANAN DI AVP TA PA ARUBA

Eman a presenta e proposicionnan alternativa aki den notanan bon prepara na e nivelnan mas halto di gobierno Hulandes, for di Premier Mark Rutte te na Raad van Staten, lidernan di fraccion y tambe director general di Binnenlandse Zaken y Koninkrijksrelaties.

Por ultimo, e lider di oposicion a indica cu no ta importa si ta e gobierno aki lo probecha di e aceptacion di e propuestanan di AVP, pero mas importante ta cu Aruba tin mester na e momentonan aki pa nos sali for di impasse cu Hulanda. Nos por yega na un acuerdo basa riba un cooperacion strategico y mutuo manera fraccion di AVP a propone na Hulanda. E reaccion di Gobernador na e alternativanan y solucionnan aki, naturalmente ta keda algo confidencial, mr. Mike Eman a expresa.

Departamento di Tesoro di Merca a intensifica su persecucion di e infractornan di e sancionnan petrolero Ruso riba lama, logrando avance notabel den su investigacionnan.

Recientemente a enfoca riba e imputacion di tres supertanker pa viola e sancionnan petrolero Ruso, compaña cu actividad sospechoso relaciona cu un aumento di prijs di petroleo.

Entre e entidadnan sanciona tabatin tres bapor cu sede na Emiratonan Arabe Uni: Kazan Shipping Incorporated, di Kazan; Progress Shipping Company Limited, di Ligovsky Prospect y Gallion Navigation Incorporated, di NS Century. Sinembargo e complehidadnan a surgi ora cu e ubicacion di e base di un empresa por a diferencia di ubicacion di e beneficiario real. Den e caso aki, ta probabel cu e beneficiario real ta sigui tin su sede na Rusia, loke ta revela e complehidadnan di comercio di petroleo Ruso.

A cuminsa cu un investigacion separa contra aproximadamente 30 empresa di maneho naval cu ta maneha 100 bapor sospechoso di viola un limite di prijs di petroleo Ruso. Australia ta acusa China di accion naval insigur cu a causa lesion na varios buceado

Den un reciente incidente den awa internacional dilanti Hapon, Australia a acusa e armada Chines di efectua accion insigur y poco profesional cu a causa herida na varios buceado Australiano. E Minister di Defensa, Richard Marles, a declara cu un bapor di guerra Chines a acerca un fragata Australiano mientras cu e buceadonan tabata haci e redanan di pisca limpi for di nan chapaleta.

Aparentemente, e bapor Chines a emiti impulso peligroso di sonar, loke a pone un riesgo p'e seguridad di e buceadonan, cu a haya nan obliga pa sali for di awa. E buceadonan a sufri herida leve, probablemente causa p'e impulso di e sonar.

HMAS Toowoomba, e fragata Australiano di largo alcance envolvi, a comunica nan intencion pa realiza operacion di buceo uzando señal reconoci internacionalmente riba e canalnan maritimo normal. E incidente a tuma luga den e Zona Economico Exclusivo di Hapon y aparentemente HMAS Toowoomba tabata realiza operacion di sosten n'e aplicacion di e sancionnan di Nacionnan Uni, aunke no a facilita detaye concreto.

E Minister di Defensa di Australia a subraya cu tur e paisnan, incluyendo China, ta spera cu nan ehercito actua cu profesionalidad y seguridad. E supuesto uzo di pulso di sonar di parti di e bapor di guerra Chines, ta considera un violacion di e protocolnan di seguridad y e gobierno Australiano a pidi pa respeta e normanan internacional.

E gobierno Chines ainda no a responde ni a comenta riba e acusacionnan. E incidente ta agrega n'e tensionnan existente entre Australia y China, a pesar di e reciente esfuerzonan pa mehora e relacionnan.

E biahe di e Prome Minister Anthony Albanese pa China na principio di luna tabata marca pa loke el a denomina "avance significativo" den e relacionnan, pero ta persisti e preocupacion, vooral riba e firmesa di China den e region di Asia-Pacifico.

Australia, como contesta n'e menasanan di China, a estrecha su lasonan militar cu Merca y a restructura su defensa. E encuentro naval ta subraya e retonan cu e relacion entre Australia y China ta sigui tin, manifestando e complejidad di e actividadnan maritimo den e regionnan disputa y e posibilidad di tension diplomatico.

Bin bishita nos y probecha!

Debate riba idioma Hulandes

Papel di Ingles na Hulanda ta lanta polemica

Mientras cu e eleccionnan nacional ta acercando na Hulanda, ta crece e debate riba e prevalencia di Ingles den e pais y e internacionalnan ta converti den blanco facil di culpa den cuestion cu ta bay desde e prijs di vivienda te cu e nivel educativo. E columnista Molly Quell ta afirma cu e propio Hulandesnan ta responsabel di e uzo generalisa di Ingles den diferente ambito.

Quell ta relata un incidente den un corte Hulandes caminda cu e discusionnan riba un caso caminda cu varios Hulandes tabata implica y e legislacion Hulandes tabata cambia frecuentemente na Ingles.

A pesar cu e tema tabata explicitamente Hulandes, e abogadonan a scoge pa Ingles pa cita informe, lesa manual tecnico y cita e ley pertinente di Corte Europeo di Derecho Humano. E eleccion aki a laga e Hulandesnan den un sala cu e expectativa di compronde Ingles sin traduccion ni interpretacion.

Quell ta contrasta e situacion aki cu e petitionnan di figura manera Pieter Omtzigt, lider di Nieuw Sociaal Contract, di prohibi Ingles den e universidadnan y e alcalde di Amsterdam, Femke Halsema, cu ta sugeri pa obliga hende siña papia Hulandes den publico.

Quell ta critica e falta di reconocimiento cu e uzo generalisa di Ingles no ta debi unicamente n'e ex-patriadonan, sino cu tambe ta refleha e scarsedad di Hulandes n'e trabaonan determina di e sector di servicio.

Quell ta señala cu e Hulandesnan a keha durante hopi tempo cu e stranheronan cu ta bin biba den e pais no ta siña e idioma. Sinembargo, ta señala cu e educacion amplio di Ingles cerca e muchanan Hulandes den scol basico, ta contribui significativamente n'e fluidez amplio di Ingles den e pais.

E experiencia di Quell a cubri un caso den un corte Belga, tambe ta revela e presencia di referencia Ingles den e argumentonan huridico. Sinembargo ta subraya cu e Hulandesnan mester reconsidera nan postura riba Ingles, advertiendo di e peliger di adopta practica observa den e pais bisiña Belgica.

E articulo ta conclui cu un pregunta provocado:

E Hulandesnan realmente kier imita nan maneho linguistico di nan colega Belga?

Durante desfile di Sinterklaas

Aumento di tension ora cu grupo di manifestante anti-zwarte piet ta confronta oposicion agresivo

Den un buelta inkietante di acontecimiento durante e desfile di Sinterklaas na De Lier, Zuid Holland, e manifestantenan anti-Zwarte Piet a haya nan mes den man di violencia di e pro-Zwarte Pietnan, cu tabata bombardia nan cu vuurwerk, webo y tomati. Polis mester a interveni pa mantene ordo, cu e resultado di e detencion di nueve fanatico di Zwarte Piet. Entre nan, a detene cuater mainta pa kibra camara di vigilancia, mientras cu riba tres a haya “arma ofensivo” den nan vehiculo.

E manifestante afilia n’e movimiento Kick Out Zwarte Piet (KOZP), a dicidi protesta na De Lier p’e inclusion di e Pietnan tradicional den e procesion di Sinterklaas.

Gemeente a informa cu riba un parkeerplaats pafu di e centro tabata yena cu vehiculo cu bol di hooi, tanki di fertilizer y container, potencialmente destina na un contraprotesta. Un “grupo grandi di infractor di orden publico” a purba di stroba e manifestacion, segun polis.

Presidente di KOZP, Jerry Afriyie a expresa su preocupacion p’e violencia, afirmando cu e desfile mester a cancela

debi n’e condicionnan di inseguridad. E manifestantenan a enfrenta un awasero di obheto, manera webo, appel y bleki yen y vuurwerk, cu a provoca caos. A pesar di e esfuersonan di polis pa proteha e manifestantenan. Afriye a insisti riba e necesidad di un celebracion di Sinterklaas inclusivo y sigur pa tur.

Durante e tensionnan, e procesion anual den e pueblo di Enter na Overijssel, a wordo cancela p’e alcalde pa evita posibel enfrentamento entre e partidaronan di Zwarte Piet y e activistanan contra racismo. E desfile, caminda e Pietnan tabata completamente bisti na preto, tabata premira inicialmente pa dia 25 di november.

Na Rijswijk e alcalde local, Huri Sahin, a nenga di concede un permiso pa un desfile alternativo di Sinterklaas cu Piet bisti na preto, alegando preocupacion p’e orden publico.

E incidentenan aki ta pone di manifiesto e controversia existente rond di e representacion di Zwarte Piet y e dificultadnan pa garantiza un celebracion pacifico y integrador durante e fiesta di Sinterklaas.

Partido MEP ta orguyoso di nos Lider Evelyn Wever-Croes

Su combersacionnan na Hulanda a duna fruto

Mayoria den Eerste Kamer ta pidi pa baha e interes di 6,9%

Manera tur biahe exitoso cu Lider di MEP y Prome Minister di nos pais a haci pa exterior, su biahe cortico di trabou dos siman pasa pa Hulanda un biaha mas a duna fruta na beneficio di nos pais. Mayoria den Eerste Kamer a duna Evelyn Wever-Croes rason y ta pidi pa reconsidera e acuerdo di 6,9% di interes cu Gobierno di Aruba a firma cu Hulanda dialuna 10 di October ultimo.

E 5 fraccionnan, PvdD, GroenLinks/PvdA, BBB, Volt y OPNL no ta di acuerdo cu e decision di Secretario di Estado Alexandra van Huffelen pa cobra Aruba 6.9% di interes pasobra nos pais no ta acepta supervision financiero den un ley di Reino considerando e lasonan den Reino. Esaki ta e resultado di e combersacionnan cu Prome Minister tawata tin cu e Comision di Relacion di Reino dos siman pasa na Hulanda.

Partido MEP ta hopi orguyoso di nos Lider kende desde prome dia di su maneho di Gabinete Wever-Croes na final di aña 2017, a traha incansabel, y a hiba un lucha contra reto tras di reto pa asina salvaguardia tranquilidad di cada Arubiano. Un dama cu no solamente a haya un pais financieramente kibra door di un debe cu a wordo causa door di e maneho irresponsabel di ex-Premier Eman den tempo cu no tawata existi niun crisis, pero tambe el a encontra retonan social hopi grandi den nos pais causa tambe door di e maneho irresponsabel di e ex-Premier, kende awe, nos

por considera un di e crisisnan di mas grandi cu nos pueblo a conoce.

Mientras cu Gabinete Wever-Croes tawata manehando crisis Eman, Covid a dal mundo y Aruba no a keda afo. Y cu decisionnan tuma responsabel y na tempo, Aruba mester a acudi na Hulanda pa ayudo pa nos pueblo sobrevivi y asina Aruba a keda cu un debe di Corona di Awg. 915 miyon florin. E placa aki tawata necesario pa cumpli cu diferente obligacion cu nos pueblo. Entre otro, Gobierno a introduci e proyecto di FASE pa yuda esnan cu a perde trabou; a bin cu e proyecto di Loonsubsidie pa yuda e sector priva pa mantene nan trahadonan riba nan payroll. Y asina, Gobierno a introduci varios otro proyecto di sosten cu sigur 1 di cada 2 adulto mester a depende riba esakinan.

Dia 10 di October Gobierno a firma e acuerdo cu Hulanda mientras cu Gobierno a priminti cu lo traha riba un otro solucion y lo keda na mesa cu Hulanda. Y esaki ta loke Prome Minister di nos pais ta haciendo tambe y cu su biahe ultimo na Hulanda a logra un prome paso cu lo habri porta pa un posibel reduccion di e 6.9% di interes riba e debe di Corona.

Partido MEP ta felicita nos Lider Evelyn Wever-Croes y ta gradici'e pa su amor y determinacion pa hiba combersacionnan te na Hulanda cu esnan concerni pa asina pronto haya solucion riba e punto aki tambe.

Parlamentario Marco Berlis (MEP): Dia Internacional di Mucha

Awe, 20 di november, ta Dia Internacional di Mucha. E fecha aki no a wordo estableci djis pa tin un dia mas pa celebra mucha, sino pa recorda nos cu e muchanan tin derechonan.

Muchanan ta e futuro di nos pais y ta p'esey mes nos mester brinda nos muchanan tur e proteccion, educacion y guia cu ta posibel pa nan por crece bira grandi y bira adultonan responsabel.

Esaki kiermen cu nos mester conoce e derechonan aki y sigura cu semper e muchanan por ta gosando di esaki. Yudando y educando nos muchanan di un edad hoben nos por inspira y establece principionan fuerte den nan pa asina nan tambe por ta mayornan y lidernan responsabel den nos comunidad.

Proteccion di nos muchanan a conoce un mehoracion substancial

Proteccion di nos yiunan mester keda un prioridad semper. Den cuadro di esaki, e Gobierno actual a demostra seriedad den accion poniendo e seguridad di muchanan central.

Pa menciona algun:

- Sociaal Crisis Plan a wordo instala na 2018 door di Gobierno for di unda varios proyecto y departamento a nace.
- Codigo di Proteccion a wordo aproba pa Parlamento na 2019 y a drenta na vigor.
- Parlamento a aproba e aumento di diferente castigo den ley contra abuso (sexual) di menor na juni 2020.
- Gobierno ta construyendo e Family Justice Center den Playa, unda lo tin Family Justice Center, Slachtofferhulp y e medico forensico (cu prome biaha Aruba tin) bou un solo dak. E edificio lo tin: verhoorruimtes, verhoorkamers, kind-vriendelijke ruimtes, studioverhoor, regie kamer, ophoud-kamers verdachte, Ccamera beveiliging, intercomsystem, y letsel ruimte forensisch arts. Esaki lo yuda victimanan di violacion y yuda acumula evidencia contra e abusadonan pa asina hiba nan corte pa sentencianan cu castigonan fuerte.
- Ombudsman a keda instala pa coalicion, aunke oposicion a opta pa vota CONTRA di e ley di Ombudsman.
- Departamento di Mucha y Hoben a keda formalisa na october 2022.
- Desde 2022 tur rechercheur di Jeugd- en Zedenpolitie (JZP) ta certifica pa verhoor mucha y asina conduci miho investigacion.
- A bin cu e campaña nacional 'MI MESUN HEROE', un campaña contra di abuso di mucha den forma di un serie.

Gobierno a actua rapidamente y a keda consecuente riba e topico di proteccion pa nos muchanan. Esaki ta aplaudi, ya cu esaki ta algo cu ta biba hopi den pueblo y ta un logro importante pa nos tur. E cambionan cu Parlamento a aproba y cu Gabinete Wever Croes I & II a introduci ta historico y ta prome biaha cu ta trahando asina duro den asina poco tempo pa garantisa e bienestar di nos muchanan.

Nos muchanan ta vulnerabel y mester salvaguardia nan inocencia y salud mental

Nos tur ta compronde cu ora muchanan ta chikito, hasta ora nan curpa cuminsa cambia cu pubertad, nan ta vulnerabel ainda. E ta importante pa den e proceso aki di vulnerabilidad nos muchanan wordo protegi di cualkier influencia y manipulacion cu por afecta nan emocionalmente y mentalmente. Ta cada dia mas importante pa mayornan papia cu nan yiu, duna nan informacion y educacion adecua riba bida na momentonan y un edad apropiada.

Haci esaki prome otro hende bin cu mal intencion. Mirando specialmente kico ta pasando actualmente den nos sociedad y den mundo en general, nos mester cuida nos muchanan mas cu nunca. Asumiendo nos responsabilidad como mayor, no ta solamente provee alimento pa nan, pero tambe e amor, educacion y formacion necesario na cas pa nan por desarroya den un hoben y adulto madura y responsabel den nos comunidad.

USA durante 30 año a faya pa crea un mundo mas husto

FINAL di e decada di 80 di siglo pasa a surgi problemanan den Union Sovietica. Despues na 1992, Union Sovietica y Warsaw Pact a stop di existi. Esaki ta ser bisa cu a termina e guerra friu entre e dos podernan grandi Rusia cu Warsaw Pact y USA cu Nato. Di eynan a cuminsa un era Unipolar di 30 año, unda USA tabatin e poder absoluto, reinando ariba mundo.

USA, durante 30 año tabata e pais cu e poder mas grandi y unico. Awor ta ser bisa cu na 2022/23, cu e incursion militar di Rusia na Ucraina y mustrandu su poder militar, economico/financiero, di materia prima y di energia, nos a drenta den un mundo multipolar. Acerca ta conoci e poder grandisimo ariba tereno economico/financiero, industrial y militar di China, cual tambe ta manifesta su mes como otro poder gigante. Pues nos por bisa cu awe nos ta den un mundo multipolar, ademas ta conoci cu e dos podernan Rusia y China tin un union excelente via nan relacionnan cu otro.

Den un articulo algun luna atras mi a skirbi di e discurso di e ministro di asuntonan exterior di USA, sr Blinken na Johns Bapstists University y den cual discurso Blinken a admiti cu e era di mundo unipolar cu USA como e unico poder, ya no ta existi mas y e a reconoce e podernan di China y Rusia, pa cual awe nos ta den un mundo multipolar.

Dos guerra, na Ucraina y Palestina ta ilustra e cambio den e orden mundial

Awe cu nos a yega na final di un era y na inicio di otro era, nos por bisa cu e gueranan na Ucraina y Palestina ta diferente pero no a cay for di cielo, ambos tin un causa di raiz igual, unda e pais cu poder unico, esta Merca tabata apoya tanto Ucraina como Israel totalmente, sigur ora e dos paisnan aki tabata viola derechonan humano di poblacionnan.

Ucraina cual pais ta keda den e esfera neutral entre Rusia y Union Europeo pa loke ta su comercio, inversionnan y otro relacionnan. Expansion di Nato a bira un principio sagrado di Merca y Nato, esaki contra tur advertencia di Rusia. Tambe e status di seguridad cu Rusia tabata reclama a ser benta for di mesa dor di USA. Pensamento di Merca y di casi tur pais di Nato tabata, cu na momento cu Rusia drenta Ucraina, e ta cay den un trampa.

Poco tempo pasa a sali na cla cu e acuerdonan di Minsk 1 y 2 no a funciona pasobra e intencion tras di e firmamento di Minsk 1 y 2 no tabata pa pone fin na e violacionnan di derechonan humano di e poblacionnan Rusiano-parlante

na oriente di Ucraina, dor di Ucraina. Tres co-firmante di e acuerdonan, Merkel ex-Kansiyero di Alemania y Hollande Ex-Presidente di Francia y tambe ex-Presidente di Ucraina, a declara cu e intencion tras di e firmamento di Minsk 1 y 2 tabata pa gana tempo y prepara Ucraina militarmente pa por enfrenta Rusia. E asistencia financiero y militar di e paisnan di Nato tabata inmenso. Pa e paisnan di Nato, tur cos tabata muestra cu Nato y Ucraina lo sali victorioso di e guerra.

Cu Ucraina bon arma y cu un dozijn di paketenan di sancionnan economico y financiero, segun e paisnan di Nato, Moskow tabata cla pa un "Regime Change" y tur rikezanan ta bay pa e paisnan di Nato. E realidad ta otro, e paisnan di Nato a bira victima di nan propio propaganda malcalcula. Awe despues di 20 luna tur cos ta muestra lo contrali. Desaster so ta wak na horizonte di e paisnan di Nato y sigur na Ucraina cu su ehercito destroza cu perdidan grandi, segun expertonan +- mei miyon solda, mortonan y heridonan y su pueblo kibra. Rusia ta ganando militarmente, economicamente, financieramente y politicamente e guerra.

Na Palestina despues di e acuerdonan di OSLO na 1993, pa cumpli cu e decision di UNO y trece e solucion di 2 estado na Palestina, esta Israel y un Estado Palestino, tur cos a tranca. E asesinato di Yitzhak Rabin, prome ministro di Israel y firmador di e Oslo Accord, cual a sosode, despues cu Union Sovietica a kibra y cual ta marca e inicio di un era di poder inmenso di Merca, e poder unico na mundo. Di dos Intifada di Palestinonan, cual a inicia na september 2000, cual tabata escalacion di accionnan di protesta di Palestinonan na West-bank y cu un ola di atakenan suicidio di Palestinonan.

Contesta di Israel tabata e ocupacion militar di West-Bank, incluyendo tur e teritorionan cualnan mester pasa pa PA (Palestine Authority), segun e Oslo Accords. Parti grandi di e infraestructura di PA of Gobierno di PLO na Ramallah a ser destrui. A base di protestanan di paisnan di Europa y Rusia a bini e "Roadmap for Peace". A forma un cuarteto consitiendo di USA, UE, UNO y Rusia pa vigila y canalisa e "Roadmap for Peace". Pero ya den fase 1 di e plan, tur cos a tranca y nunca e plan a ser ehecuta. Rusia a purba di scapa e plan di paz, pero no a logra. Cu e apoyo di UE y USA, Israel tabata torpedea tur cos.

USA mesora a tuma rienda di e Cuarteto di Medio Oriente, kitando tur poder di Rusia, di Union Europeo y di UNO. Ta nan ta e poder y ta nan ta dicidi, segun Merca. E decision di UNO pa e estado Palestino banda di Israel a wordo hinca den lachi di olvido. >>>

Parew cu esaki ta bisto e subimento di poder di Netanyahu te awe. E gobiernonan di Netanyahu a probecha den absoluto di e era cu Merca tabata e poder unico na mundo pa haci y deshaci cu un politica agresivo contra e pueblonan di Palestina.

Un siguido di e partido di Netanyahu, Likud, a asesina Rabin y cu un politica feroz Netanyahu, apoya pa USA y UE, a percura pa cada biaha Palestina tin menos territorio. Esaki a sosode via decretonan oficial di Gobierno Israeli y otro accionnan ilegal di e settlernan Hudiu, kendenan a emigra for di ex Union Sovietica y yuda pa militarnan.

Den eleccion di januari 2006 pa Goberna PA of PLO, Hamas a gana e eleccion na West-Bank y Gaza. Pero no por a yega na goberna PA, pasobra USA y Israel a impedi esaki. Despues a bini un enfrentamento na Gaza, entre PLO =e grupo politico/militar ront di Abbas cu su gobierno na Ramallah y Hamas. E enfrentamento aki a yega na un final y PLO mester a bandona Gaza. Hamas ta goberna Gaza, bao di e dictadura di Israel. Merca y Israel tabata contento cu e divicion bao di Palestinonan. Esaki tabata ser uza como argumento pa e decision di UNO di un estado Palestino, ser hinca den lachi di olvido.

Abraham Accords, pero Hamas ya a gana e guerra, ta bini un Estado Palestino

Gaza ta parti di Palestina y tin un territorio igual na e grandura di Corsou, pero tin 2,3 miyon di habitante. E ta wordo goberna pa Hamas. E tin un parlamento y varios ministerio. Gaza ta pega na lama, pero Israel ta prohibi Gaza di tin un Puerto y un Aeropuerto. Dos entrada y salida Gaza tin y tur dos ta ser controla pa Israel. Pues GAZA ta un territorio Palestino, pero cera electronicamente cu waya y controla completamente dor di Israel. Un sorto di Prizon, of mihor bisa un campo di concentracion den aire liber.

Trump presidente di Merca na 2020, bo por bisa a forza cierto paisnan Arabe, amigo di Merca, UAE (United Arab Emirates), Bahrain, Sudan y Marocco, pa firma e Abrahams Accords cu Israel, sin tene cuenta cu un estado Palestino.

Biniendo bek ariba e tema Geo-politica, e accion di 7 october di Hamas mester tabatin un preparacion largo di mas cu un aña. Tur cos tabata prepara y nan sa cu e orden mundial ta cambiando. Por bisa cu Hamas ya a gana e guerra. Cual sea e resultado di e guerra militar di Israel contra Hamas.

Dia 6 october ningun politico na mundo tabata papia di un estado Palestino. Awe hasta e financiador principal di Israel, tanto Blinken como Biden ta papia cu un paz duradero na Medio Oriente ta ora tin e estado Palestino. Esaki gracias na e accionnan di 7 october ultimo di Hamas.

Israel cu su mentiranan ya a perde e guerra propagandistico

Israel cu su tanto mentiranan, manera e babynan, su masacre di sernan humano, tambe bombardeonan di Hospital, di moskeenan, di iglesianan, di schoolnan, di e infraestructura di Gaza, desplazamento forsa di un miyon hende enfermo y salu y hopi otro fayonan ta prueba cu ya nan a perde e guerra propagandistico=PR-war.

Si pronto bini e Tregua di Paz, por bisa cu Hamas a gana e guerra militar tambe. Si nos wak e ultimo añanan con USA y Nato a perde e guerra na Afghanistan, nan ta perdiendo e guerra na Ucraina y awor tambe na Palestina, e inicio di un era nobo multi-polar no ta mucho alentador pa Merca.

USA a perde e oportunidad pa crea un equilibrium internacional

E era cu USA, como e poder unico, esta den e mundo unipolar cu nan como e poder absoluto, despues cu Union Sovietica a kibra, no a crea un equilibrium internacional durante e 30 añanan cu USA tabatin e poder absoluto.

E arogancia di su elitenan y politicianan cu nan excepcionalismo, nan completo rechazo di interesnan di otro pueblonan, nan postura sin limite di nan propio rason, nan gueranan cu argumentonan falso cu nan mes tabata crea contra varios paisnan na mundo, manera na Venezuela, coup na Honduras 2009, coup na Bolivia 2019 y sigur e gueranan militar na Medio-Oriente na Libya, na Syria, na Irak, na Jemen, na Somalia, na Sudan, na Afghanistan, tur esakinan a pone cu nan mes a mina nan posicion di poder indiscutible.

Esaki a conduci cu nan a perde e respet y goodwill cu nan tabatin ora cu e guerra friu a termina.

hornear y la leche. Remueve con una espátula hasta que la harina absorba el líquido. Amasar la masa hasta formar una bola. Continúe amasando sobre una tabla de cortar hasta que la masa ya no esté pegajosa y suave. Envuélvelo en un envoltorio plástico. Déjalo reposar durante 1-2 horas.

2 - Amasar la masa hasta formar una tira de 5 a 6 pulgadas de largo. Divídalo uniformemente en seis partes; unos 50-60 g cada uno. Divídelo lo más uniformemente posible, para que el tamaño del bollo sea el mismo. Enrolle cada pieza hasta formar una bola. Presione el rodillo en el medio de una bola y gírela hasta formar un óvalo plano. Cepille una fina capa de aceite encima; dobla el óvalo por la mitad; colóquelo en una vaporera.

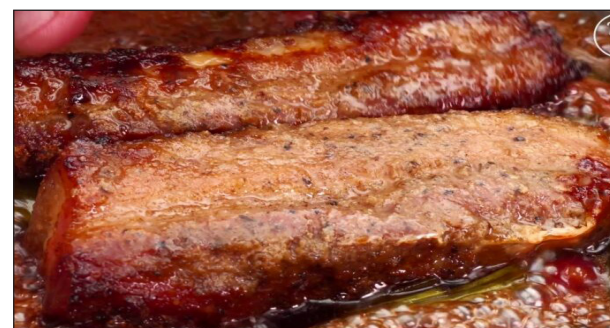

3 - Déjalos reposar en la vaporera durante 30-40 minutos hasta que dupliquen. (Si no tiene una vaporera de bambú, preste atención para evitar que las gotas de agua caigan sobre los panecillos cuando use otra vaporera). Comenzando con agua fría, ponga la estufa a fuego alto, cocine al vapor durante 15 a 20 minutos, apague la estufa. . Nota: No levante la cubierta inmediatamente. Espere cinco minutos más.

4 - Marine la panceta de cerdo: en un tazón grande, mezcle bien la pimienta negra molida, la sal de ajo, las cinco especias en polvo, el azúcar, la cebolla

en polvo, el comino en polvo, el ajo en polvo y el vino de arroz. Cubra la panceta de cerdo con la mezcla de manera uniforme. Marinar durante 2-3 horas.

5 - Hornee la panceta de cerdo a 350°F/180°C durante 35-40 minutos.

6 - Cocine la panceta de cerdo. En una sartén mediana a fuego medio, fríe el azúcar de roca hasta que se caramelize. Agregue la chalota, la cebolla verde, el agua, el vino tinto, el azúcar, la miel, la salsa de soja ligera, la sal y la pimienta blanca. Continúe cocinando a fuego medio durante 8-10 minutos hasta que espese. Agregue la panceta, continúa cocinando durante 5-8 minutos a fuego lento para darle sabor al cerdo. Sube el fuego demasiado para espesar la salsa.

7 - Ensamble el sub: ponga panceta de cerdo, hojas de mostaza en escabeche, una cucharada de maní triturado y cilantro en el medio del panecillo al vapor. Puedes agregar salsa de chile si te gusta picante. Rocíe un poco de salsa de cerdo estofado encima. Disfrutar.

Fortaleza pa Famia

Ta tempo pa cada mayor sclama na Dios pa nan yiunan

CADA ken cu tin wowo ta mira locual cu ta sosode, y cada ken cu tin horea ta tende locual cu ta sosode. Diabel ta hambra tras di nos muchanan, tras di nos hubentud, e ta buscando caida pa e muchanan di awor y pa e futuro generacion.

Uzo di droga y alcohol a sali for di man bao di hubentud, nos hubentud ta consumi hopi alcohol y droga. Canamento cu arma di candela a sali for di control, y mayoria biaha cu un arma wordo descubri ta un hoben ta su doño. Hincamento a para bira un arte, tur caminda hobennan cana cu arma blanco, y a bira tempo pa pone metal detector na porta di cada scol.

Antes ora bo tende tin un problema bo por a bisa, cu mucha muhe no ta meti den e asunto, pero awendia esey a cambia por completo, pasobra tin mucha muhe cu mas curashi pa haci malo cu e mucha homber. Mirando tur esaki nos tin cu compronde cu esaki ta bay den direccion di destruccion di nos hubentud. Y tin instancia cu a avisa cu nos problema social ta grandi y cu no tin suficiente man pa atende.

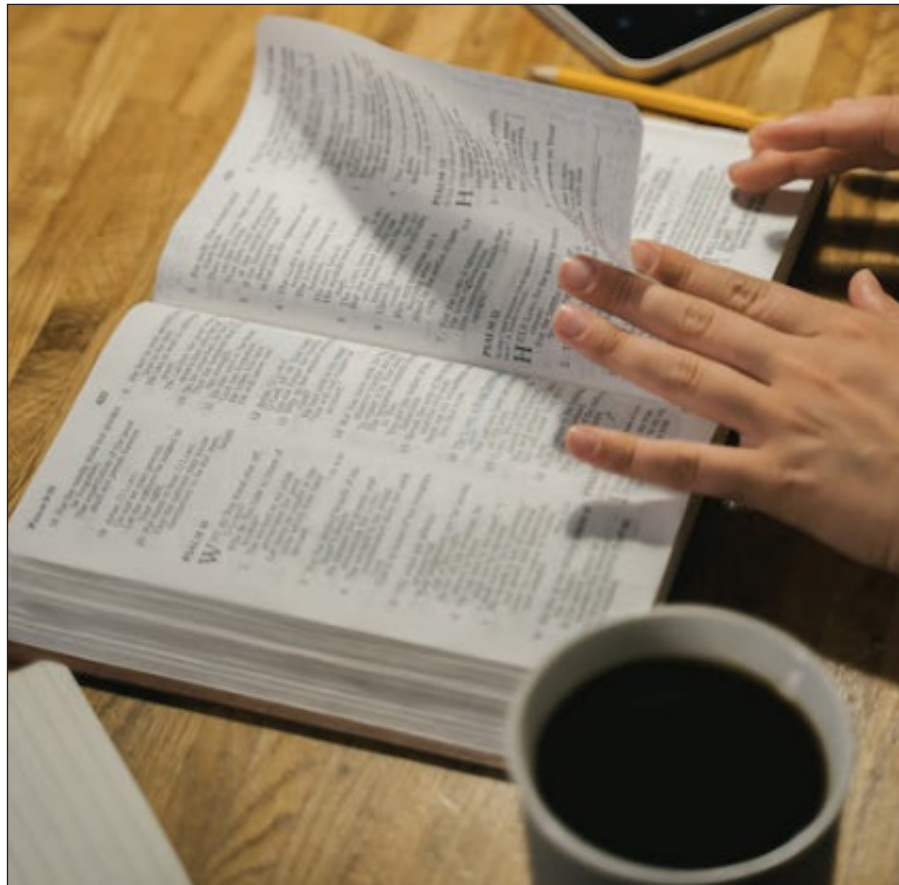

Awor bo no ta tende nada:

- Tocante di e caranan hoben nobo cu tin den caya, como adicto?
- Bo no ta tende cu tin hobennan cu ta biba riba caya?
- Bo no ta tende cuanto mucha a stop di bay scol?
- Ni tampoco bo no ta tende cu criminalidad a aumenta barbaro bao di hubentud?
- Y cu por ehempel awor a bira na moda cu gang di hoben ta cana drenta minimarket anochi pa horta?
- Y cu e cantidad di hoben cu ta cay cera ta aumentando?
- Y cu nos tin miedo di papia tocante suicidio?

Ora ta trata di problema social, no ta bon pa nos compara nos mes cu otro isla of pais, pero ta tempo pa nos tuma e situacion, caminda norma y balor ta bayendo perdi, y inmoralidad y scuridat ta avansa, hopi na serio.

E prome caminda cu nos como mayor mester acerca pa yudansa, ta e trono di Dios Altisimo, pasobra tur hende por nota cu nos lucha no ta contra carni y sanger, pero contra esun cu ta bini pa horta, mata y destrui (Juan 10:10).

Como mayor nos no por para keto y laga e enemigo haci

locual cu e kier cu nos yiunan, ta tempo pa nos halsa bos den oracion, na Dios todopoderoso, pasobra Dios si ta contesta oracion, y su ayudo semper ta yega na tempo.

Nos ta yama como mayor pa lanta nos yiunan den obediencia y disciplina di Señor,

Nos mester hiba nos yiunan cas di Dios, pasobra si nos no haci'e, e enemigo ta gana bentaha riba nos yiunan.

Nos ta bibando den tempo trabahoso, caminda respet ta cabando, violencia ta aumenta, inmoralidad ta drenta mundialmente cerca hobennan como informacion na scol, tanto via di video, buki of revista y cerca maestro of maestra cu ta pone nan mes como piedra di tropica pa dañá locual Dios ta stima.

Respaldo di hende responsabel a bira scars, mayoria hende den un posicion di liderazgo ta busca fama pa nan mes, y ta complace cu tur cos y ta lubida riba Dios.

Esaki ta e tempo corecto pa nos busca cara di Dios, pa nos mes y pa nos yiunan, pasobra e situacion ta hopi alarmanante, ta tempo pa nos uni y haci oracion pa nos yiunan.

Tirando boso preocupacion riba dj'E pasobra E lo percura pa boso (1 Pedro 5:7).

Sinceramente, Pastor Marcel Balootje

**ARUBA RANKS TOP 3 IN
CARIBBEAN TOURISM GROWTH**

Aruba Ranks Top 3 in Caribbean Tourism Growth

Minister of Tourism and Public Health, Mr. Dangui Oduber, shares positive tourism results for October 2023, reporting a significant 109% growth compared to 2019.

IN October 2023, Aruba welcomed 93,857 tourists through our airport, marking a growth of 12.4% compared to October 2022. The report emphasizes the growth, with the largest market remaining North America at 81.6%, followed by South America at 10.1%, and Europe at 5.9%.

Tourism continues to flourish, surpassing 2019 levels, which is notably exceptional. It's also noteworthy that the reasons for visiting Aruba in October 2023, compared to 2022, include business, conferences, and shopping.

Indicators demonstrate that the visitor experience remains high, with a service rating of 9.3 and a gastronomy rating of 9.5, as evaluated by the visitors themselves.

Another crucial indication is the collaboration with the "Transparent Insight" platform by Aruba Tourism Authority (ATA), measuring short-term vacation rentals on properties in Aruba. It also evaluates the Average Daily Rate (ADR) to gauge its impact on our economy. Aruba ranks in the top 3 in the Caribbean for vacation rentals with the highest ADR. Vacation Rentals in Aruba from January to October 2023 total \$47,424,595 more compared to 2022. This scenario

demonstrates growth, with our visitors spending more money in our economy.

Cruise lines also show confidence in Aruba, with a growth of 60.5% from January to September 2023 compared to 2022.

Minister Oduber expresses gratitude to all partners and individuals working in the tourism industry. These efforts have led Aruba to exceed all expectations in its recovery. Thanks to the resilient people, let's continue to demonstrate our hospitality to our visitors. Tourism remains the key driver of our economy.

A Triumph of Diversity and Empowerment

Sheynnis Palacios of Nicaragua Crowned 2023 Miss Universe

A glittering ceremony held in San Salvador, Nicaragua's Sheynnis Palacios emerged as the shining star, claiming the coveted title of the 2023 Miss Universe on November 18. This milestone event brought together contestants from 84 countries, each showcasing their beauty, grace, and intellect, in a celebration of diversity and empowerment.

The panel of judges, consisting of notable figures such as model Halima Aden, "Queer Eye" star Carson Kressley, TikTok influencer Avani Gregg, and former Miss Universe winners Janelle Commissiong and Iris Mittenaere, presided over a competition that went beyond traditional beauty standards.

The preliminary competition, coupled with a global fan vote, determined the top 20 semi-finalists, a diverse group that represented various backgrounds and body types. Notable moments included Miss Nepal making history as the first "curvy" contestant to reach the semi-finals and Miss Pakistan choosing a burkini for the swimsuit round, underlining the pageant's commitment to inclusivity.

Sheynnis Palacios dazzled in the swimsuit round, wearing a two-piece adorned with delicate floral ruffles, and further captivated the audience in the evening gown round with an ensemble featuring ornate beading and an extravagant floor-length cape.

In the final rounds, a series of thought-provoking questions revealed the eloquence and intelligence of the top three contestants: Palacios, first runner-up Anntonia Porsild of Thailand, and second runner-up Moraya Wilson of Australia. Palacios, when asked about spending a day in the life of someone, chose the 18th-century British philosopher and feminist Mary Wollstonecraft. Her answer highlighted Wollstonecraft's groundbreaking contributions, emphasizing the limitless possibilities for women in today's world.

Beyond the competition, the Miss Universe stage served as a platform for empowerment and breaking boundaries. Unfortunately, Miss Aruba, Karol Croes, did not make it to the semifinals, but the island rallied in support, demonstrating

unity, love for their country, and dedication to progress.

As Sheynnis Palacios assumes her role as the new Miss Universe, her victory becomes more than a personal achievement. It becomes a symbol of inspiration and empowerment, carrying forward the legacy of those who came before her in this esteemed international pageant.

U.S. Treasury Escalates Efforts Against Russian Oil Sanction Violations at Sea

THE U.S. Treasury Department has intensified its pursuit of Russian oil sanction violators on the seas, making notable strides in its investigations. The recent focus involves charging three tankers for violating Russian oil sanctions, accompanied by warning letters to 30 shippers covering 100 vessels regarding suspicious activity related to an oil price cap.

Among the sanctioned entities were three United Arab Emirates-based shipping companies - Kazan Shipping Incorporated's Kazan, Progress Shipping Company Limited's Ligovsky Prospect, and Gallion Navigation Incorporated's NS Century. However, the complexities arise as the location of a company's base may differ from the location of the beneficial owner. In this case, the beneficial owner is likely still Russian-based, revealing the intricacies within the Russian oil trade.

A separate probe was initiated against approximately 30 ship management companies managing 100 vessels suspected of violating a price cap on Russian oil. The Treasury aims to ensure compliance, stating that shipping companies participating in the Russian oil trade should be aware of account-

ability for adherence.

The maritime industry's murkiness comes to light as the Treasury's guidelines and the Russian oil trade present complexities. Identifying vessels involved in sanctioned oil transport isn't straightforward, as demonstrated by the 30 ship management companies receiving warning letters about suspicious activity. The Treasury's guidelines categorize ship owners as Tier 2 actors, and compliance involves obtaining pricing information or customer attestations to pledge adherence to sanctions.

The Russian oil trade further reveals a "dark fleet" comprising vessels predominantly loaded with Venezuelan or Iranian cargoes, showing evidence of disguising activities. Additionally, a "grey fleet" involves vessels sold post-Russian invasion to transport Russian exports while evading sanctions, often with EU ownership.

While the Treasury's efforts aim to cut off the Kremlin's access to oil profits, the complexities in enforcing guidelines highlight the challenges in maintaining control over the maritime industry, reflecting a dynamic tug-of-war between sanctions and their circumvention strategies.

Australia Accuses China of Unsafe Naval Actions Resulting in Diver Injuries

A recent incident in international waters off Japan, Australia has accused China's navy of engaging in unsafe and unprofessional actions that led to injuries among Australian divers. Defense Minister Richard Marles stated that a Chinese warship approached an Australian frigate while divers were clearing fishing nets from its propellers. The Chinese ship reportedly emitted dangerous sonar pulses, posing a risk to the safety of the divers who were subsequently forced to exit the water. The divers sustained minor injuries likely caused by the sonar pulses.

HMAS Toowoomba, the Australian long-range frigate involved, had communicated its intention to conduct diving operations using internationally recognized signals on normal maritime channels. The incident occurred in Japan's Exclusive Economic Zone, with HMAS Toowoomba reportedly conducting operations in support of UN sanctions enforcement, although specific details were not provided.

Australia's Defence Minister emphasized the expectation for all countries, including China, to operate their militaries in

a professional and safe manner. The reported use of sonar pulses by the Chinese warship is considered a breach of safety protocols, and the Australian government called for adherence to international standards.

The Chinese government has not yet responded or commented on the accusations. The incident adds to the existing tensions between Australia and China, despite recent efforts to improve relations. Prime Minister Anthony Albanese's breakthrough trip to China earlier this month was marked by what he called "significant progress" in relations, but concerns persist, particularly regarding China's assertiveness in the Asia-Pacific region.

Australia, in response to perceived threats from China, has deepened military ties with the United States and restructured its defense posture. The naval encounter underscores the ongoing challenges in the Australia-China relationship, highlighting the complexities of maritime activities in contested regions and the potential for diplomatic strains.

Dutch Language Debate

The Role of English in the Netherlands Sparks Controversy

AS the Netherlands approaches national elections, there is a growing debate about the prevalence of English in the country, with internationals becoming an easy target for blame on issues ranging from house prices to education standards. Columnist Molly Quell asserts that the Dutch themselves are responsible for the widespread use of English in various domains.

Quell recounts an incident in a Dutch court where discussions about a case involving Dutch people and Dutch law frequently switched to English. Despite the topic being

inherently Dutch, lawyers chose English for quoting reports, reading technical manuals, and citing relevant European Court of Human Rights law. This choice left Dutch individuals in the courtroom expected to understand English without translation or interpretation.

Quell contrasts this situation with the demands from figures like Pieter Omtzigt, leader of Nieuw Sociaal Contract, to ban English at universities and Amsterdam mayor Femke Halsema suggesting people should be compelled to speak Dutch in public. Quell criticizes the lack of acknowledgment that the widespread use of English is not solely due to expats but also reflects a shortage of Dutch individuals in certain service industry jobs.

Highlighting historical grievances, Quell notes that the Dutch have long complained about foreigners moving to the country and not learning the language. However, she points out that the extensive teaching of English to Dutch children at primary schools contributes significantly to the country's high English fluency.

Quell's experience covering a case in a Belgian court also reveals the presence of English references in legal arguments. However, she emphasizes that the Dutch should reconsider their stance on English, cautioning against adopting practices observed in neighboring Belgium. The article concludes with a provocative question: Do the Dutch truly want to emulate the language policies of their Belgian counterparts?

A Decade After Chavez:

Venezuela's Economic Decline, Political Turmoil, and Mass Migration

FOREIGN Minister Yvan Gil recently delved into the complex web of factors contributing to Venezuela's current state, marking a decade since the death of the country's leader, Hugo Chavez. Once boasting the world's largest oil reserves, Venezuela now grapples with economic collapse, political chaos, and a significant mass exodus.

Over the past ten years, Venezuela has witnessed a staggering decline, leaving its citizens facing poverty and struggling for survival. The situation has driven more than 7 million Venezuelans to seek refuge abroad in pursuit of safety and improved living conditions, as reported by the United Nations.

One crucial question under scrutiny is the role played by foreign powers in exacerbating the country's longstanding stalemate. Gil addresses concerns about external influences shaping Venezuela's trajectory, adding a layer of complexity

to an already intricate crisis. The involvement of foreign actors raises questions about the extent to which international factors have contributed to the challenges faced by the nation.

As Venezuela grapples with economic hardships and political turmoil, finding a viable way out of this protracted impasse becomes increasingly critical. The discussion led by Foreign Minister Yvan Gil sheds light on potential pathways forward, exploring diplomatic, economic, and internal strategies that might offer a glimmer of hope amid the persisting challenges.

The 10th anniversary of Hugo Chavez's death serves as a poignant moment for reflection on Venezuela's trajectory. The nation stands at a crossroads, and the insights shared by Foreign Minister Yvan Gil contribute to a broader understanding of the multifaceted issues at play in the Venezuelan crisis.

Tensions Escalate as Anti-Blackface Demonstrators Face Aggressive Opposition During Sinterklaas Parade

A disturbing turn of events during the Sinterklaas parade in De Lier, Zuid Holland, anti-blackface Piet demonstrators were subjected to violence as pro-blackface campaigners pelted them with fireworks, eggs, and tomatoes.

The police had to intervene to maintain order, resulting in the arrest of nine pro-Zwarte Piet supporters. Among them, four were apprehended in the morning for vandalizing surveillance cameras, while three were found with “offensive weapons” in their vehicle.

The anti-blackface campaigners, affiliated with the Kick Out Zwarte Piet (KOZP) movement, chose to protest in De Lier due to the village’s continued inclusion of traditional Piets in its Sinterklaas procession.

The town council reported that a car park on the outskirts of the center was filled with vehicles containing hay bales, manure tanks, and containers, potentially intended for a counter-protest. A “large group of public order offenders” aimed to disrupt the demonstration, according to the police.

KOZP chairman Jerry Afriyie expressed concern about the violence, stating that the parade should have been canceled due to the unsafe conditions. Demonstrators faced a barrage of items, including eggs, apples, and full cans, with fireworks causing chaos. Despite police efforts to protect the demonstrators, Afriyie emphasized the need for an inclusive and safe Sinterklaas celebration for everyone.

During these tensions, the annual procession in the Overijssel village of Enter was canceled by the mayor to prevent potential clashes between blackface Piet supporters and anti-racism campaigners. The parade, featuring Piets in full blackface, was originally scheduled for November 25. In Rijswijk, the local mayor, Huri Sahin, refused to grant a license for an alternative Sinterklaas parade featuring blackface Piets, citing concerns about public order.

These incidents highlight the ongoing controversy surrounding the portrayal of Zwarte Piet and the challenges in ensuring a peaceful and inclusive celebration during the Sinterklaas festivities.

Yankees GM Brian Cashman Defends Team's 2023 Performance Amidst Calls for Change

NEW York Yankees General Manager Brian Cashman staunchly defended the team's 2023 performance during a press conference at the GM meetings in Arizona. The Yankees, accustomed to postseason success, experienced an unexpected downturn with an 82-80 record, marking their first postseason miss and fourth-place finish since 2016.

Cashman, MLB's longest-tenured executive, emphatically rejected calls for radical change, expressing pride in the team's people and process. He acknowledged the disappointing 2023 season but emphasized that the roster, on paper, was better than the results indicated. The GM pushed back against the surrounding criticism, pointing out the inconsistency in public opinion. Cashman highlighted the positive evaluations the team received just six months earlier, noting the unpredictability of New York's sports scene.

Despite projections favoring the Yankees as a postseason contender, numerous players underperformed or dealt with injuries during the 2023 season. Cashman defended the decisions made, underscoring the unpredictability of player outcomes and the challenges faced in a highly scrutinized market like New York.

Cashman's remarks also addressed concerns about Giancarlo Stanton's durability. While acknowledging Stanton's injury-

prone history, Cashman refrained from promising a full season of play, stating that injuries were likely to be part of Stanton's game.

The GM's candid comments about Stanton drew attention, especially considering Stanton's agent, Joel Wolfe, represents a prominent free agent pitcher in this offseason's market.

As the Yankees approach a pivotal offseason, Cashman's forceful defense sheds light on the challenges of managing a high-profile team in a demanding market, where public scrutiny and expectations are ever-present.

Díaz's Heroics Propel Colombia to Stunning Victory Over Brazil, Uruguay Downs Argentina

AN electrifying World Cup qualifier match, Luis Díaz delivered a spectacular performance, scoring twice within four minutes late in the second half, leading Colombia to a thrilling 2-1 victory over Brazil. The Liverpool forward showcased resilience, playing just days after his father's release from

a kidnapping ordeal.

Brazil initially seized the lead in the fourth minute with a goal from Gabriel Martinelli, but Díaz, inspired by the home crowd at Barranquilla's Metropolitano stadium, turned the tide. Despite a commendable effort from his Liverpool teammate Alisson, Díaz netted two headers in the 75th and 79th minutes, dedicating the emotional win to his father, who celebrated in the stands.

The defeat marks Brazil's second consecutive loss in World Cup qualifiers, dropping to fifth place in the South American standings. Their next

challenge awaits against long-time rivals Argentina at Rio de Janeiro's Maracana.

Meanwhile, Argentina faced a setback, losing 2-0 at home to Uruguay. Goals from Ronald Araujo and Darwin Nunez secured the victory for Uruguay, placing them second in the standings, trailing Argentina by two points. Lionel Messi acknowledged Uruguay's strength, emphasizing their physical play and effectiveness in counter-attacks. Colombia sits third with nine points, while Venezuela and Ecuador secured a goalless draw, maintaining a close race in the qualifying standings.

Tiger Woods Set to Make Competitive Return at Hero World Challenge After Ankle Surgery

GOLF legend Tiger Woods has confirmed his comeback to competitive play by announcing his participation in the 2023 Hero World Challenge. This marks Woods' return to the course after undergoing ankle surgery earlier this year. The 47-year-old, boasting 82 tour wins, will not only compete but also host the prestigious tournament, which he introduced in 1999.

The Hero World Challenge, featuring an elite field with eight of the world's top 10 players, will unfold at Albany Golf Club in the Bahamas from November 30 to December 3. While the event is part of the PGA Tour schedule, it holds unofficial status.

Woods, who last played at the Masters, withdrew from the tournament before the third round due to an injured right leg and plantar fasciitis. Following ankle surgery to address arthritis issues arising from a 2021 car accident, Woods assured fans that his ankle is now in excellent condition.

This philanthropic tournament not only supports the TGR Foundation and Tavistock Foundation but also contributes to the Bahamas Youth Foundation. Woods' decision to participate adds excitement to the event, especially after he caddied for his son Charlie in a junior golf championship this weekend. Despite keeping his plans under wraps initially, Woods has chosen the Hero World Challenge for his much-anticipated return to competitive golf.

Aljamain Sterling Questions UFC's Decision on O'Malley vs. Vera 2: Whatever Happened to Sport?

FORMER UFC bantamweight champion Aljamain Sterling is expressing his discontent with the UFC's choice to book a rematch between Sean O'Malley and Marlon Vera. O'Malley had actively campaigned for his first title defense to be against Vera, and the wish was granted. The two are set to clash at UFC 299 on March 9, giving O'Malley an opportunity to avenge his previous loss to Vera.

Sterling, who lost his bantamweight title to O'Malley in August, had advocated for either himself or Merab Dvalishvili to be O'Malley's first opponent. Voicing his concerns on his YouTube channel, Sterling questioned the UFC's departure from the sport's true essence.

Expressing a sense of disappointment, Sterling remarked, "Whatever happened to sport, man?... I feel like I let loose a monster."

Despite the setback, Sterling seems to be looking beyond the bantamweight division for now, eyeing a return in March. He is hopeful for a matchup against former UFC featherweight champion Max Holloway. As the situation unfolds, Sterling's comments add a layer of scrutiny to the UFC's matchmaking decisions.

Leadership Shake-Up at OpenAI:

Sam Altman Ousted Amid Board Concerns

A surprising turn of events, Sam Altman, the 38-year-old head of artificial intelligence firm OpenAI, has been ousted by the company's board due to a loss of confidence in his leadership abilities.

The board cited Altman's lack of consistent candor in communications as a hindrance to its responsibilities. Altman, a high-profile figure in the industry, played a pivotal role in launching OpenAI, the force behind the widely-used ChatGPT bot.

The board, composed of six executives, expressed gratitude for Altman's contributions but emphasized the necessity of new leadership. The decision, reached after a deliberative review process, raised questions about the specifics of Altman's alleged lack of candor. The departure unfolded hastily in Google Meet video conference calls, according to OpenAI co-founder Greg Brockman.

Altman, who also testified before a US Congress hearing on AI and participated in the AI Safety Summit, expressed his love for the time spent at OpenAI on social media. However, the circumstances surrounding his removal remain unclear, and both Altman and Brockman were reported to be shocked

and saddened by the abrupt decision.

OpenAI, known for its cutting-edge AI technologies, is currently at the peak of its success, attracting substantial investments. The company's flagship product, ChatGPT, has gained widespread usage since its launch a year ago. Altman's dismissal raises questions about the future direction of the company and the impact on its initiatives.

Elon Musk, a founding co-chair of OpenAI alongside Altman, has previously criticized the organization for deviating from its non-profit roots. The leadership change comes at a time when OpenAI was reportedly in talks to sell shares, valuing the company at over \$80 billion. Mira Murati, OpenAI's chief technology officer, will serve as interim chief while the board searches for a permanent replacement.

Altman's departure leaves the tech industry awaiting his next move and whether he will provide insights into the circumstances of his removal from the company he helped establish. The incident underscores the challenges of leadership transitions in tight-knit teams and the potential personal dynamics influencing such decisions.

Cultivating Green Cities: Strategies to Promote and Encourage Urban Agriculture

URBAN agriculture is a dynamic solution that not only transforms concrete jungles into green oases but also addresses food security, environmental sustainability, and community well-being. To foster and encourage urban agriculture, a multifaceted approach that involves community engagement, policy support, and educational initiatives is crucial. Here's a roadmap for promoting urban agriculture in your community:

Raise Awareness:

Conduct educational campaigns to inform the community about the benefits of urban agriculture, such as improved access to fresh produce, community building, and environmental sustainability.

Utilize social media, workshops, and community events to share success stories, showcase urban farming models, and highlight the positive impacts on health and well-being.

Community Gardens:

Establish and support community gardens in vacant lots, parks, or rooftops, providing accessible spaces for residents to cultivate their own produce. Offer workshops on gardening techniques, sustainable practices, and seasonal planting to empower community members with the skills and knowledge needed for successful urban farming.

Policy Support:

Advocate for supportive local policies that facilitate urban agriculture, such as zoning regulations that permit community gardens, tax incentives for urban farmers, and streamlined permitting processes. Collaborate with local government officials to draft and implement policies that encourage the use of public spaces for agriculture and support farmers' markets.

School Programs:

Integrate urban agriculture into school curriculums to educate the younger generation about the importance of sustainable farming practices. Establish school gardens where students

can actively participate in growing their own food, fostering a connection between food production and consumption.

Collaborate with Local Businesses:

Partner with local businesses, restaurants, and markets to source and sell produce from urban farmers. Create farmers' markets or collaborate with existing ones to provide a platform for urban farmers to showcase and sell their products directly to the community.

Supportive Infrastructure:

Invest in infrastructure that supports urban agriculture, such as community composting facilities, rainwater harvesting systems, and shared gardening tools. Explore innovative solutions like vertical farming, aquaponics, or hydroponics, especially in areas with limited space.

Incentive Programs:

Establish incentive programs, such as tax breaks or subsidies, for property owners who allocate space for urban agriculture on their properties. Recognize and reward outstanding contributions to urban agriculture through community awards or recognition programs.

Skill-Building Workshops:

Organize regular workshops and training sessions on urban farming techniques, sustainable practices, and effective resource management. Collaborate with local agricultural experts to share knowledge and mentor aspiring urban farmers.

Demonstration Projects:

Launch pilot projects or demonstration gardens that showcase the feasibility and benefits of urban agriculture to inspire others to get involved. Use these projects to gather data on the economic, social, and environmental impacts of urban agriculture, supporting further advocacy efforts.

Foster Community Engagement:

Facilitate community involvement by organizing gardening clubs, neighborhood clean-up initiatives, or communal harvesting events. Encourage residents to actively participate in decision-making processes related to urban agriculture, ensuring diverse perspectives are considered.

By embracing these strategies, communities can transform urban spaces into thriving hubs of agriculture, fostering a sustainable and resilient future where the farm-to-table journey is just a few steps away.

Embracing Lean Management: Streamlining Success in Modern Organizations

LEAN management, a philosophy rooted in efficiency, continuous improvement, and waste reduction, has emerged as a transformative approach shaping the success of modern organizations.

This management style, inspired by principles developed in manufacturing, has transcended its origins and found application across diverse industries. Let's delve into the essence of lean management, exploring its core principles and the impact it has on organizational effectiveness.

Foundations of Lean:

Eliminating Waste: At the heart of lean management lies a commitment to eliminating waste in all its forms. This includes unnecessary processes, overproduction, excess inventory, and any activity that does not add value to the end product or service.

Continuous Improvement:

Kaizen Philosophy: Lean management embraces the Kaizen philosophy of continuous improvement. It encourages organizations to foster a culture where every team member, from the front-line to the boardroom, actively seeks ways to enhance processes, reduce waste, and optimize efficiency.

Value Stream Mapping:

Visualizing Processes: Value stream mapping is a key tool in lean management, allowing organizations to visualize and analyze their processes comprehensively. This helps identify areas for improvement and streamlining, leading to enhanced overall performance.

Respect for People:

Empowering Teams: Lean management places a strong emphasis on respecting and empowering people within the organization. It recognizes that individuals on the front lines often possess valuable insights into improving processes and encourages their active participation in decision-making.

Pull System vs. Push System:

Customer-Centric Approach: Lean management employs a pull system where production is based on actual customer demand rather than a push system that relies on anticipated demand. This customer-centric approach ensures that resources are utilized efficiently and products meet real-time demand.

Flexible and Adaptable:

Responding to Change: Lean organizations are inherently flexible and adaptable. They can swiftly respond to changes in the market, customer preferences, or external factors, ensuring they remain agile in a dynamic business landscape.

JIT (Just-In-Time):

Optimizing Inventory: Just-In-Time (JIT) inventory management is a lean practice that minimizes inventory levels to reduce carrying costs and eliminate excess storage. This approach ensures that materials arrive precisely when needed for production.

Visual Management:

Transparent Communication: Visual management tools, such as Kanban boards, promote transparent communication by providing a visual representation of workflow. This aids in identifying bottlenecks, maintaining flow, and enhancing overall visibility.

Cross-Functional Collaboration:

Breaking Silos: Lean management encourages cross-functional collaboration, breaking down silos between departments. This fosters a holistic understanding of organizational processes and promotes a collaborative approach to problem-solving.

Standardized Work:

Consistency and Efficiency: Standardized work procedures ensure consistency and efficiency in processes. By establishing clear standards, organizations can identify deviations, continuously improve, and maintain a high level of quality.

Gemba Walks:

Hands-On Leadership: Gemba walks involve leaders going to the actual workplace to observe processes, engage with employees, and gain firsthand insights. This hands-on approach fosters a culture of continuous improvement and demonstrates leadership commitment.

Lean management is not merely a set of tools but a holistic philosophy that transforms how organizations operate. By embracing the principles of waste elimination, continuous improvement, and respect for people, lean management propels organizations toward a future where efficiency, adaptability, and customer value are at the forefront of success.

Unlocking Success: The Power of “Why” in Simon Sinek’s “Start with Why”

THE quest for success, the journey often begins with a fundamental question: “Why?” This simple yet profound query forms the cornerstone of Simon Sinek’s transformative book, “Start with Why.” In this exploration of purpose and motivation, Sinek delves into the idea that truly successful individuals and organizations share a common trait—they start with a clear understanding of why they do what they do.

Discovering the Core Message: The “Why”

At the heart of Sinek’s philosophy is the concept of the “Golden Circle,” a framework that challenges conventional thinking. While many organizations focus primarily on “what” they do and “how” they do it, Sinek argues that the most influential and enduring leaders begin with a crystal-clear sense of “why.”

The “why” encapsulates the core beliefs and values that drive individuals and organizations. It serves as the compass guiding actions, decisions, and, ultimately, success. According to Sinek, understanding and articulating this deep-seated purpose is the key to building a loyal following and achieving lasting impact.

Inspiring Action Through Purpose

“Start with Why” doesn’t merely encourage introspection; it champions the idea that purpose inspires action. Sinek illustrates this through compelling real-world examples, from visionary leaders like Martin Luther King Jr. to revolutionary companies like Apple. These entities don’t just sell products or ideas; they sell a belief—a “why” that resonates with their audience.

When individuals and organizations communicate their “why” authentically, they create a powerful connection. People are drawn to purpose, and this magnetic force fosters loyalty and commitment. Sinek’s work challenges leaders to look beyond profit margins and consider the impact of a shared purpose in galvanizing teams and communities.

The Impact on Leadership and Culture

“Start with Why” is a call to action for leaders to become torchbearers of purpose. By embodying and communicating the “why,” leaders can cultivate a culture that goes beyond tasks and targets, fostering an environment where passion and innovation thrive.

Sinek emphasizes the role of leadership in shaping a culture that aligns with the organization’s purpose. Leaders who lead with a clear “why” inspire their teams to pursue a collective vision, transforming the workplace into a hub of

creativity and fulfillment.

Applying “Start with Why” in Everyday Life

The principles outlined in “Start with Why” are not confined to boardrooms and executive suites. Sinek’s philosophy is a blueprint for personal growth and fulfillment. The Legacy of Frank Lloyd Wright

Unveiling Architectural Genius

THE illustrious realm of architecture, few names resonate with as much reverence and influence as Frank Lloyd Wright. A visionary whose creations redefined the very fabric of modern architecture, Wright stands as an enduring icon, leaving an indelible mark on the built environment.

Early Life and Influences

Born on June 8, 1867, in Richland Center, Wisconsin, Frank Lloyd Wright's early exposure to nature and the geometric patterns found in the Froebel kindergarten gifts laid the groundwork for his future architectural philosophy. His formative years under the tutelage of architect Louis Sullivan further fueled his passion for design and innovation.

Pioneering Organic Architecture

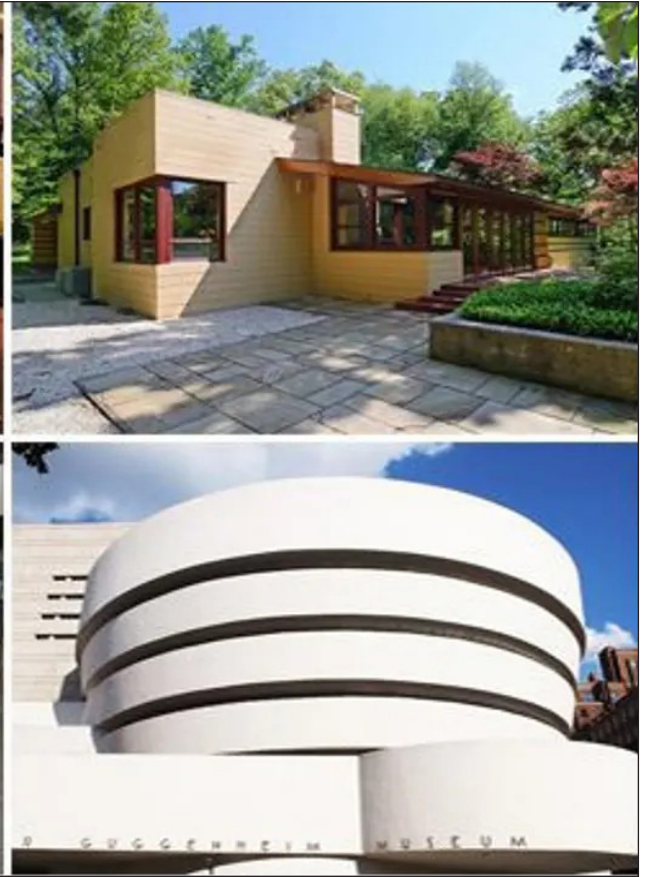

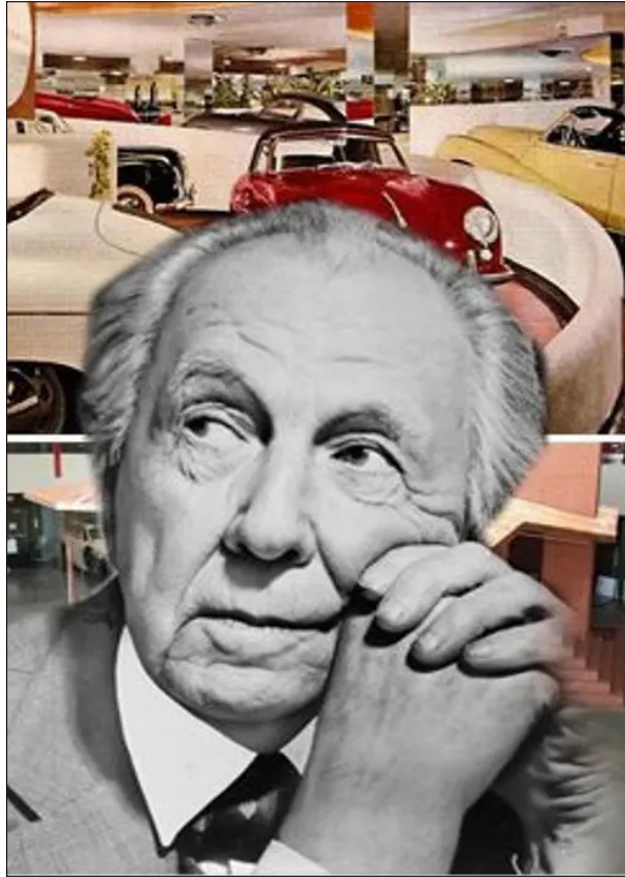

Wright's groundbreaking concept of "organic architecture" revolutionized the field. He believed in harmony between human habitation and the natural world, seamlessly blending structures with their surroundings. Fallingwater, perhaps his magnum opus, exemplifies this philosophy, with its cantilevered balconies overlooking a cascading waterfall.

Prairie School Movement

In collaboration with other architects, Wright championed the Prairie School movement, emphasizing horizontal lines, flat or hipped roofs with broad overhanging eaves, and integration with the landscape. Taliesin, his Wisconsin home and studio, stands as a testament to these principles, embodying a harmonious coexistence with nature.

Usonian Architecture: Affordable Elegance

Wright's vision extended beyond grand

residences, as seen in his Usonian designs. These affordable yet elegant homes were characterized by open floor plans, flat roofs, and a strong connection to the outdoors. Fallingwater may capture headlines, but the Jacobs House and the Rosenbaum House showcase his commitment to democratizing architectural excellence.

Innovations in Design and Construction

Wright's innovations were not confined to aesthetics; he pioneered advancements in construction techniques. The use of the cantilever and his invention of the "textile block" system, exemplified in the Ennis House, demonstrated his commitment to pushing the boundaries of what architecture could achieve.

Enduring Legacy and Influence

Frank Lloyd Wright's legacy extends far beyond his physical creations. His teachings at the Taliesin Fellowship and the Taliesin West Fellowship inspired a new generation of architects, fostering

a lasting impact on the profession. The Guggenheim Museum in New York City, with its spiral form challenging traditional museum design, remains an iconic symbol of his avant-garde vision.

Challenges and Controversies

Wright's career was not without challenges and controversies. Financial struggles, personal setbacks, and the tumultuous relationships with clients and the architectural establishment tested his resilience. However, these hurdles only served to reinforce his determination and creative spirit.

Architectural Maestro

Frank Lloyd Wright's enduring influence on architecture is immeasurable. His designs transcend time, embodying a fusion of artistry, functionality, and a profound respect for the environment. As we admire the bold lines of the Robie House or the serene beauty of Taliesin West, we pay homage to a true architectural maestro whose innovative spirit continues to shape the skylines and landscapes of the modern world.

Pilates: Sculpting Strength, Flexibility, and Mind-Body Harmony

THE realm of fitness and holistic well-being, Pilates stands as a powerhouse, offering a unique approach that goes beyond conventional exercise routines. Developed by Joseph Pilates in the early 20th century, this method has evolved into a comprehensive system that not only sculpts the body but also nurtures the mind-body connection. Let's delve into the world of Pilates and explore how it has become a cornerstone for individuals seeking a balanced and transformative fitness experience.

Origins and Principles: The Pilates Philosophy

Joseph Pilates conceived his method as a holistic approach to physical and mental well-being. Drawing inspiration from yoga, gymnastics, and martial arts, he developed a system that emphasizes the integration of breath, precision of movement, and a mind-body connection. The core principles of Pilates—centering, concentration, control, precision, breath, and flow—form the foundation of this transformative practice.

The Power of the Core: Core Strength and Stability

At the heart of Pilates lies a profound focus on core strength. The “powerhouse,” as Joseph Pilates called it, encompasses the muscles of the abdomen, lower back, hips, and buttocks. Pilates exercises engage and strengthen these core muscles, providing a stable foundation for all movements. This emphasis on core strength not only sculpts a toned midsection but also enhances overall stability and posture.

Mindful Movement: Precision and Control

Pilates is characterized by its emphasis on precision and control in every movement. Practitioners are guided to perform exercises with a keen awareness of body alignment, muscle engagement, and breath. This mindfulness transforms Pilates into a moving meditation, fostering a deep connection between the body and the mind. The deliberate, controlled movements contribute to the overall effectiveness and safety of the practice.

Versatility and Adaptability: Pilates for Every Body

One of the strengths of Pilates lies in its adaptability to different fitness levels and physical conditions. Whether you're a fitness enthusiast, an athlete recovering from an injury, or a beginner seeking a gentle introduction to exercise, Pilates can be tailored to meet individual needs. With a diverse range of exercises and modifications, Pilates becomes a versatile tool for enhancing strength, flexibility, and overall well-being.

Equipment and Mat Pilates: Two Paths to Transformation

Pilates can be practiced on a mat or with specialized equipment. Mat Pilates relies on body weight resistance and a series of floor exercises, making it accessible for practitioners of all levels. Equipment-based Pilates, utilizing devices such as the Reformer, Cadillac, and Chair, introduces additional resistance and assistance, providing a dynamic and challenging workout. Both approaches contribute to the development of lean muscles and improved flexibility.

Rehabilitation and Injury Prevention: A Healing Path

Pilates has gained recognition in the realm of rehabilitation, offering a gentle yet effective path to recovery from injuries. The focus on controlled movements, core strength, and flexibility makes Pilates an ideal complement to physical therapy. Additionally, the method's emphasis on alignment and muscle balance contributes to injury prevention, making it a valuable practice for maintaining long-term musculoskeletal health.

Community and Connection: Pilates as a Lifestyle

Beyond the physical benefits, Pilates fosters a sense of community and connection. Studios and classes become spaces where individuals share their wellness journeys, supporting each other in their pursuit of strength and balance. This sense of community often extends beyond the studio, creating a lifestyle where mindful movement and well-being become integral parts of daily life.

Pilates - A Transformative Journey

The realm of fitness, Pilates stands as a beacon of transformative potential. From the core-strengthening powerhouse to the mindful movements that enhance flexibility and control, Pilates offers a holistic approach to physical and mental well-being. As individuals embark on the Pilates journey, they discover not only a pathway to physical strength but a transformative experience that nurtures the mind-body connection and paves the way to a more balanced and vibrant life.

In a world where change is constant, loyalty remains a timeless virtue, forging bonds that withstand the tests of time and circumstance.

A Tapestry of Evolution

Navigating Identity Amid Migration

MIGRATION, an age-old phenomenon, unfurls stories of transformation, posing profound questions about the impact on personal identity. As individuals embark on journeys across borders, leaving behind familiar landscapes and cultural nuances, a complex interplay of loss and rediscovery takes center stage. The process often involves a poignant departure from the known, triggering waves of nostalgia for the identity intricately tied to one's place of origin. However, migration is not merely an erasure; it unveils opportunities for rediscovery in the unfamiliar terrain. The juxtaposition of old and new environments becomes a canvas for evolving narratives, challenging individuals to redefine their sense of self on a global stage.

Cultural hybridity emerges as a hallmark of migration, blurring traditional boundaries and giving rise to a rich tapestry of identity. This fusion of elements from past and present contributes to the creation of unique, multifaceted identities that transcend geographical constraints. In this journey, resilience becomes a guiding force—adapting to change while retaining core values and cultural roots. The ability to navigate unfamiliar terrains and embrace diversity becomes a testament to the strength of identity in the face of transformation.

While migration may involve leaving behind established

communities, it simultaneously opens the door to building new bonds and shared narratives. Diversity becomes a source of enrichment as individuals encounter different customs, languages, and worldviews. The mosaic of varied experiences contributes to a more inclusive and expansive sense of self. The challenges of assimilation may present themselves, prompting a delicate dance between embracing the new and preserving the essence of one's origin.

Belonging undergoes a profound redefinition in the context of migration. Traditional notions tied to geographical roots give way to a more fluid concept that transcends borders, emphasizing the interconnectedness of a globalized world. Migrants become stewards of their cultural heritage, consciously preserving and passing down traditions. Identity negotiation becomes a dynamic process, involving a continuous dialogue between the past and the present, as individuals actively shape and redefine their sense of self.

In the symphony of migration, identity emerges as a dynamic composition—woven together with threads of loss, resilience, diversity, and reinvention. Rather than a static entity left behind, identity becomes a voyage—one that embraces the complexities of change, preserves the essence of heritage, and contributes to the rich narrative of a world shaped by migration.
